

DuraLabel TORO[®]

Portable Standalone Label & Sign Printer

13.5"W x 10.25"D x 8.5"H

Call **888.637.3893** or visit us at **DuraLabel.com**

Toro is DuraLabel's most advanced label printer. Toro comes complete in one lightweight unit. With optional battery power, Toro can make labels on the spot when and where you need them.

Standalone Capability

Toro is a completely independent printing system including built-in keyboard, touchscreen and software.

Network Independence

Toro does not require IT support or network connectivity. Toro's embedded software gives you independence.

Mobility

Take Toro anywhere in your facility or to a remote site. Toro weighs in at 13.8 lbs. (without supply).

Toro Supplies

Industrial Strength Vinyl

Supplies are industrial-grade, UV and chemical resistant, durable vinyl which will last for years - indoors and out. This continuous vinyl is available in widths from 1/2" to 4" in 17 standard colors.

Ribbon

Premium quality thermal transfer ribbons are UV and chemical resistant, engineered to withstand harsh environments. Available in 7 colors. Specialty ribbons also available.

Let Toro do the work. **Smart Chip** automatically recognizes supply types in your printer. See back page for additional benefits.

View additional and specialty colors at DuraLabel.com

If labels made with DuraLabel Premium Vinyl fail within five years of the purchase date, we will provide a one-time replacement roll of the same supply. For details on DuraLabel Warranties, visit DuraLabel.com/warranty.

Applications

- OSHA Compliance
- Arc Flash
- NFPA
- Equipment
- Pipe Markers
- ANSI Compliance
- Lean Manufacturing
- Maintenance
- Electrical Panels
- 5S
- Kanban
- Racks, Shelves & Bins
- Valve Tags
- Barcode
- Kaizen
- Safety
- Lockout/Tagout
- Wire Marking
- Name Tents
- Bilingual

Software Included!

DuraSuite™ Labeling Software

Create a variety of code-compliant labels such as:

- GHS and HazCom 2012 labels (includes database with info on 1,500+ chemicals)
- NFPA 704 and RTK labels
- Arc Flash (NFPA 70E) labels
- ANSI/ASME A13.1 pipe markers
- IIAR ammonia pipe markers

LabelForge™ Labeling Software

Create completely customized label designs from scratch. LabelForge gives you the power to instantly create linear and 2D barcodes, add standardized symbols or custom images, and even import data from a spreadsheet.

Extras

- OpenOffice.org software included so you can use labels that have already been designed in common office programs
- Library of 1,800+ symbols for label customization

Save Money with Kits

Many kits are available, including OSHA, 5S, and Pipe Marking, or you can customize your own kit. Call **888.637.3893** today.

Mobile Kit

Take Toro on the go with the Mobile Kit. Includes carrying case for Toro and supplies, and a battery good for three hours of printing in the field.

NO POWER? NO PROBLEM!

Toro offers an optional battery and charger giving you freedom to print anytime and anywhere without an external power source.

The Toro battery is a Lithium-ion battery that mounts into the back of the Toro. The battery is warranted for 3 years from the date of purchase.

- 3 hour continuous print time (equivalent to 3,600 4"x6" labels)
- 30 hour battery life with printer in sleep mode
- 3 hour charge time when battery is < 10% power

Specialty Supplies

High-Tack

Adheres to difficult-to-label surfaces - *an extremely durable & permanent solution!*

High-Temp

Designed to withstand extreme temperatures from -40° F to 300° F.

Reflective

Comes in a variety of colors - reflective signs and labels are *great in low-light environments.*

DuraTag™

Print directly on this tear-resistant tag stock. *Create custom designs!*

Shared Supplies

Two printers, one set of supplies: Toro and Bronco share supplies, so you can use the same tape in both machines.
