

# DuraLabel KODIAK™

Multi-Color, Large-Format, Industrial Label & Sign Printer

17.4"W x 19.5"D x 11.8"H

**DuraLabel Kodiak**, our first **multi-color printer**, allows you to print larger than ever color-coded signs and labels on demand. Make hazards known and ease the flow of operations from GHS drum labels to essential wayfinding signage. Thanks to its standalone design, no network connection or IT support is needed. Use the pre-installed software, touchscreen, and wireless keyboard to create and print custom visuals for your entire facility.

## Features

- Prints on 4" to 10" supply widths
- Multi-color print capabilities (two ribbon and one supply stock)
- Single-color and multi-color supplies
- All-inclusive design for effortless label and sign creation
- 9" touchscreen, wireless keyboard, and stylus
- No IT support or network connection required
- Pre-installed compliance and custom sign design software

## Intuitive Design

**DuraLabel Kodiak** features a full-color 9" touchscreen, a wireless keyboard, and stylus for convenience. Browse premade templates or create your own sign and preview your design before printing.

## Applications

- GHS/HazCom 2012
- OSHA-compliance

## Smart Software

DuraLabel Kodiak comes preloaded with LabelForge PRO™ label design software. Create custom signs or start with code-compliant templates and choose from over 1500 safety symbols for countless industry applications including: arc flash, wayfinding, GHS/HazCom 2012, and more.

- Easy to use software for effortless visual communication
- Pre-loaded templates to help comply with industry standards
- 1500+ essential symbols and graphics to convey any message
- Create custom labels unique to facility needs

## Versatile Supplies

From tough surfaces to harsh outdoor environments, know your signs and labels will outlast the elements they're exposed to.

- 4" to 10" supply widths
- Multi-color print capabilities (two ribbon and one supply stock)
- Single-color and multi-color supplies
- Reflective, BoldGlo, Marine, UL 969, and more supply types

## Industrial-Strength Premium Vinyl & Ribbon

Premium vinyl is available from 4"- 10" widths in a variety of colors. This versatile and durable vinyl holds up in indoor/outdoor environments. When coupled with Premium Ribbon, printed signs are resistant to moisture, abrasion, fading, and most chemicals.

All specifications subject to change without notice.
